

EC – SECURITY DATA SHEET

1. Material description / details on the manufacturer

Trade Name: **VENEER TAPES out of brown and white Kraftpaper and white Cellulosepaper plain and perforated**

Trader: Fiocchi Italo & C. snc
Via Molino Filo, 1
20050 VERANO BRIANZA (MI)
ITALY
TEL 00390362904945
FAX 003903621850310
info@eurokoll.it

2. Composition / Information on ingredients

Tradename : Veneer Tapes
Kraftpaper braun , gummed with starch glue,
Wateractivated.

3. Possible hazards

No special hazards known

4. First-aid measures

| | |
|---------------------|------|
| After respiration: | None |
| After skin contact: | None |
| After eye contact: | None |
| After ingestion: | None |

5. Fire-fighting measures

Suitable extinguishing media: water, foam, CO2, dry powder

6. Steps to be taken in case of unintended release:

No special measures necessary

7. Handling and storage

Best storage / handling: 18-22 c°, relative air humidity around 60 %

8. Exposure and personal protection equipment

No special precaution necessary

9. Physical and chemical properties

| | |
|----------------------|--|
| Form: | roll |
| Colour: | natural brown or white bleached |
| Odour: | minimal proper odour |
| Change in condition: | coating: 20 C°: solid |
| | boiling point: not applicable |
| | flashpoint: not applicable |
| | ignition point: not applicable |
| | explosive limits: none |
| | relative density: not applicable |
| | water-solubility (20 C°): gumming is water-soluble |

10. Stability and reactivity

| | |
|-------------|--------|
| Stability: | stable |
| Reactivity: | none |

11. Details on toxicology

According to practical experience, no harmful effects have been reported.
and no Formhaldehyd is contained.

12. Oecological details

None

13. Information about disposal

The recycling or the usage of remains, above all in connection with corrugated
paper, is possible.
Disposal is to be carried out according to the legal stipulations ruling in the respective community.

14. Details on transportation

No dangerous goods according to the transportation regulations

15. Stipulations

EC-marking: There is no obligation for a special marking of the product according to the GefStoffV (regulation for the marking of risky goods) and regulation 67/548/EWG
